

“Home Owner Release of Liability”

Home Owner’s Full name: _____

Home Owner’s Address: _____

The “Huntsville WISE Gold Homes” program is offered to Madison County homeowners. A contractual agreement between Contractors, Suppliers, Homeowners, Huntsville Utilities, or Nexus Energy Center is not implied.

Nexus Energy Center does not assume liability for workmanship, warranties, guarantees, or savings associated with energy related measures taken after the survey. Contractual discussions should occur solely between homeowners, and the contractors or vendors they choose to employ.

By signing below, you agree to release Nexus Energy Center from liabilities associated with all energy related measures taken after the survey, and/or for expectations relative to future energy usage.

Home Owner’s Signature: _____ Date: _____

DATA TRACKING / HOMEOWNER CONSENT

Nexus Energy Center is hopeful that measures taken in conjunction with the "Huntsville WISE Gold Homes" program will lead to significant energy savings. With your permission, our organization will monitor the energy used within your home both prior to, and after recommended measures are implemented. The information gained through the tracking of your utility account is to be used in the following ways:

NEXUS ENERGY CENTER:

Any information obtained from your utility account that shared with other organizations will be grouped with other homes in a generic way and not identifiable by name or address. In no instance will your identity or your address be released to individuals or organizations.

When you have your home energy efficient improvement completes, we ask that you provide the Electric (kWh) information for the last 12 months before month that your implementation was completed by filling out the form your contractor provides to you from us. This sheet will be turned in with the rest of the data collected through your audit and implementation process. We then ask that you send this same electricity usage information to us for the next 12 months. By analyzing this data we hope to better understand the "Real World" impact that our home improvements are doing in the community.

Ruchi Singhal
